

We are receiving lots of calls regarding residents, especially in the Henley area, being called by someone claiming to be an police officer from Scotland Yard. This officer then attempts to scam the victim out of money by claiming the victim's bank is under investigation and they need the victim to withdraw money to then be handed over to police as it may be counterfeit.

Please know Police would never ask anyone to withdraw money as part of an investigation or ask you to purchase expensive items. Please pass this message on to elderly relatives or neighbours, as they are most at risk.

Kind regards

C7860 Will Pomroy
